SUGGESTS SUPERVISORS REFUSE TO MAKE RAISE

Board Meets To Take Action On State Commission's Demand For More Taxes From Madison County

Perhaps the most disagreeable public duty that any man or set of men had to do confronts the Board of Supervisors of Madison county who are in session this week. They have been ordered by the State Tax Commission to impose a raise of over \$4,000,000 on Madison county lands and property, and of course, will endeavor to distribute it in the most equitable method possible.

Eight good men, familiar with values, have been named on the board and they are meeting each day in the county Tax Commissioners' office with W. W. Adams, acting as Deputy county Clerk, and giving them much able assistance. The members of the board of supervisors are:

Richmond, District No. 1—W. T. Briggs.
Richmond, District No. 2—H. C. Brewer.
Foxtown, District No. 3—L. W. Linter.
Union, District No. 4—Haden Turbin.
Yates, District No. 5—C. L. Searcy.
Glade, District No. 6—Charles H. Burdette.
Kirkville, District No. 7—W. A. Arbuckle.
Million, District No. 8—A. J. Million.

In view of the fact that it is generally regarded that Madison county taxpayers have been forced to accept the great injustice in having the assessment of their property increased again to such an immense figure, a prominent official said Tuesday that he was the members of the Board of Supervisors, he would insist that the local Board refuse to impose the unjust increase demanded by the State Board. This would force the State Commission to place the raise itself, and result in it forcing the matter into the courts, and an injunction could then be sought by the local officials to prevent this unjust increase being made. Many regard this as a most sensible suggestion, and a means by which the actual valuation of Madison can be reached through legal channels with the State Tax Commission forced to push the matter, if it gets the increase from Madison county.

That Madison is not alone in the increase being ordered is shown by the fact that the State Commission has given hearings to 25 more counties, and only two have escaped. It is a significant fact, however, that few have been raised as heavily as has Madison, and this is held by many to be the result of the State Commission's idea that all of Madison is strictly blue grass land. The two counties that escaped a raise were Wayne and Taylor.

The counties of Estill, Letcher and Floyd, situated in the coal and oil fields, have received increased assessments, Estill has an increase of \$1,100,000 on land and mineral rights, Floyd \$1,495,000 and Letcher \$1,175,000.

The commission says it is putting property returns on the 85 per cent valuation. The standard last year was 5 per cent.

Other increases made by the commission follow: Adair, \$150,000; Daviess, \$1,350,000; Clark, \$450,000; Boyle, \$2,000,000; Estill, \$1,100,000; Floyd, \$1,495,000; Garrard \$1,025,000; Johnson, \$700,000; Larrow, \$350,000; Laurel, \$695,000; Letcher, \$1,175,000; Martin, \$360,000; McCreary, \$395,000; Menifee, \$80,000; Montgomery, \$800,000; Nelson, \$650,000; Robertson, \$300,000; Russell, \$415,000; Scott, \$3,000,000; Shelby, \$2,750,000; Spencer, \$450,000; Warren, \$1,523,000.

Allies To Open Rhine To Ships of All Nations

(By Associated Press)
Paris, March 12—Bulletin—Recommendation that navigation of the Rhine be opened to all nations without discrimination is made in the report of the peace conference today by the commission on international regime of water ways, railways and ports. It is suggested the Rhine be controlled by a commission similar to the Danube commission. The status of the Kiel Canal has been settled by commission on a basis of free use for all nations for merchant vessels or war ships in time of peace. The canal would continue under German ownership and operation but its fortifications will be left to the decision of the military and naval experts.

"I say to you there is no time to be lost if we are to save the world from the despotism of anarchy, even as we saved it from the despotism of autocracy. We must make peace without delay. We have reached a crisis in the affairs of the world. We must meet it without passion and without permitting our judgment to be warped by a natural and unavoidable desire for vengeance on the nation which has committed such atrocities as those the Germans have committed."

Reorganizing the Commission

(By Associated Press)
Washington, March 12—Martin A. Farrison, of Indiana, and George E. Wales, of Vermont, were appointed to the civil service commission today by President Wilson, to succeed John A. McInerney and Herman W. Cravens, whose resignations were sent to the White House some time ago. It was disclosed today that the President before sailing for France decided upon a complete reorganization of the commission.

Double Program Thursday

Beautiful and ever-charming Irene Castle is coming back in what may be her farewell screen appearance in *The Girl From Bohemia*, a Pathe play. It was only a week after she had finished this play that she received the news of the tragic death of her husband, Captain Vernon Castle, who was killed on the army aviation field in Texas.

Since then his young widow has retired from her professional activities and confined her labors to war work. In *The Girl From Bohemia* Mrs. Castle is afforded a splendid opportunity to practice her winsome art, and incidentally, displays some marvelous gowns. The *Girl From Bohemia* comes to the Richmond theatres Thursday.

On the same day the ever-popular little favorite *Marguerite Clark* will be seen in *The Goose Girl*. The story is a delightful one and the picture itself has been splendidly produced. The photography is on a scale seldom approached.

AUTO THIEF DROVE CAR RIGHT TO OWNER'S HOME

Young Man Steals Mack Coy's Car In Lexington To Go To Michigan. Drives To Madison Instead.

Clarence Rusling, a young man of about 25 years of age, who says his home is in Bay City, Mich., stole the Buick roadster of Mack Coy, of the Kirkville section of Madison county, in Lexington Tuesday night about 9 o'clock. He started to drive it to his home in Michigan—so he thought, but when he got about thirty miles from Lexington, he turned the machine over on a bluff. Going to the nearest town for assistance, he found that he was in Richmond, and had practically brought the car back to the home of its owner. Rusling is now in the county jail here, awaiting trial on a grand larceny charge. He admits that he stole the car and says that he went from Covington where he had been working to Lexington for the purpose of stealing a machine to ride to Michigan.

Of all the hard luck that ever a car thief ran into, that of Rusling is probably the limit. He had no trouble in making a getaway with Mr. Coy's car from Lexington, and thought he was headed in the right direction. Early this morning he turned over the steep bank right at Stony Run bridge of the Richmond and Red House pike. He had evidently come through Richmond and gone on toward Winchester when the accident happened. He caught a ride to Richmond and was directed to the Richmond Buick Company's garage as he said it was a Buick roadster that was in trouble. Talking to Mr. Roberts, he asked for some one to go out after the car, and Mr. Roberts sent a crew to bring it in. The man went up the street and said he would be back soon. He had been out of Mr. Roberts' office but a few minutes when Mr. G. D. Vance, of the Richmond Buick Company, came in from Lexington. He told Mr. Roberts that he had brought Mr. Coy back from Lexington with him; that Mr. Coy had had his car stolen in Lexington the night before. He quickly told Vance, of the visit of Rusling a few moments before, and said that he felt sure that the car that had been wrecked on the Red House pike was the one Coy had lost. Roberts told Vance to go for the sheriff, while he watched Rusling. Vance went for an officer but couldn't find one in the sheriff's office, and came back. Mr. Roberts was determined that Rusling shouldn't escape, so he went into the postoffice after him. He found Rusling writing a post card.

"Where did you get that car?" he demanded.

Rusling said he'd bought it from a man named Hall in Covington.

"Well, it looks like it might be a car that was stolen from a man from this county in Lexington last night," Mr. Roberts told him. "And you will have to go with me until the matter is cleared up."

Rusling asked for time to write his post card and mail it but Mr. Roberts wasn't going to trifle with him and told him he had plenty of time to write it where he was taking him.

Rusling asked if they were going to the court house. Mr. Roberts told him they were, and then Rusling admitted the theft.

"I might as well admit it," he said. "I picked up the car in Lexington last night, to go to my home in Michigan."

Deputy Sheriff Warford was in the office when they reached the court house. Rusling at first denied the theft to him but afterward admitted it. He said he wanted to get home back in. He was lodged in jail and left Covington for Lexington for the purpose of getting a car to go to will have an examining trial before Judge Price later in the week.

Mutiny on British Transport

(By Associated Press)
Halifax, March 12—Three hundred troops of the British army who enlisted in the United States, 81 of them American citizens, today threatened to sink the transport *Tolosa* unless allowed to land immediately and proceed to their destination by rail. The *Tolosa*, unable to land at the port of New York, because of the harbor strike, returned to this port.

TO DISCUSS ROAD TAX QUESTION

Meetings Will Be Held All Over the County at Which Position of Fiscal Court Will Be Given.

The Fiscal Court, having at its meeting Tuesday confirmed its formal action of February 18th, calling an election for March 29th to ascertain the wishes of a majority of the voters of the county upon the question of imposing a special levy of 20 cents on each \$100 of taxable property in the county subject to taxation for the purpose of constructing or reconstructing either or both the roads and bridges of the county as provided by law, has requested that a number of meetings be held in various sections of the county in order that the purpose of the court in calling the election may be properly explained and understood, and for the purpose of discussing the proposition in all its aspects so that every voter may understand before the election is held, exactly what is proposed to be done.

A general discussion of the subject is desired and every one present will be given an opportunity to be heard on the question of voting the tax, the officials say.

The Fiscal Court believes that considerable confusion and misapprehension has arisen in regard to the tax question and a member of the court or a representative will be present at each meeting scheduled below to state the position of the court in regard to this important question.

Meetings for discussion of the road tax will be held at the following named places at the time for a general public discussion of the matter and every citizen and taxpayer is requested to be present.

Lansing Says Allies Must Feed Germany

(By Associated Press)

Paris, March 12—American Secretary of State Robert Lansing, in an address before the Press Club here last night, asserted the Allies must feed Germany and give Germany an opportunity to sell her products in foreign markets, if the danger of Bolshevism is to be avoided. "Not through pity," he said "but because we, the victors in this war, will be the chief sufferers if it not done."

WANT 85 CENTS AN HOUR

Washington, March 12—Spokesmen for the half million railroad shop employees presented arguments to the railway board today in support of their demand for a general wage increase from the basic rate of 68 cents to 75 cents an hour. They said most of the shipyards paid 85 cents.

BRITISH MONOPOLY WITH CABLE WIRES

Is Being Protested By American Delegates At Paris Who Claim U. S. Has Right To Hun Lines, Too.

(By Associated Press)

Paris, March 12—Realizing the possibility of a virtual monopoly of cable communication by Great Britain should her claim to the captured German cables be sustained with the consequent submission of the great foreign business interests of the United States to alien control in this respect, the American delegates to the peace conference are endeavoring to make strong presentations of their case before the experts to whom the subject has been referred.

Early in the war the British cut the two German cables from Emden to America, took one end to Halifax and gave the French the other, who made no attempt to utilize it. The British now claim these cables as the prizes of war. America claims the cables were unlawfully cut and that the United States had an interest in them as being one of the terminals.

HER DAUGHTER WAS SAVED FROM OPERATION

Mrs. Wells of Petersburg
Tells How.

Petersburg, Va.—“For two years my daughter suffered from a weakness and pains in her right side; at times she was so bad she could not do any work. For two years she was attended by the best physicians here, and both agreed that she would have to be operated on. I suggested Lydia E. Pinkham's Vegetable Compound, and at first she refused to take it, but finally consented. From the very beginning it helped her, and now she is entirely well, and telling everybody how much good it has done her.”—Mrs. W. D. WELLS, 226 North Adams Street, Petersburg, Va.

If every girl who suffers as Miss Wells did, or from irregularities, painful periods, backache, headache, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering. For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years' experience is at your service.

Entered at the postoffice at Richmond Ky., as second class mail matter under Act of Congress of 1875.

Who is this man Oldham who is a candidate for Lieutenant Governor, but who blows off like he was running for President of the World?—Elizabethtown News.

If our good friend will just keep his eyes and ears open he will mighty soon find out who Oldham is for he is “stepping” so fast in his race that it looks like he has everybody backed off the boards. Oldham is doing just about the most effective advertising that we have seen done by any candidate for office in a long time and he's frankly telling the voters just what he thinks about various matters, too.

Outside capitalists are planning to build another loose leaf warehouse to cost about \$100,000 at Mt. Sterling. Lancaster and Stanford citizens are planning tobacco warehouses, too. If somebody isn't a little careful there'll be too much investing done on the prospects of tobacco remaining as high next season as it has this. It sort of strikes us that with splendid warehouses here and two at Danville, there is scarcely any need for markets at Stanford and Lancaster. Still it may be a case of more the merrier. It will probably develop into a race between Lincoln and Garrard as to which gets its plans on foot first for certainly there cannot be markets at both Stanford and Lancaster.

President W. G. Frost, of Berea College, who is understood to write the editorials in the Berea Citizen, which the college or its officers own, has been a life long republican. That, however, does not prevent him from looking at a proposition from a broad-minded and patriotic viewpoint. He gives further evidence of this, in this week's issue of the Berea Citizen, discussing the League of Nations and President Wilson's position. He says: The country approves of President Wilson and disapproves of Congress.

It was fortunate that we had a democratic president, for only a democrat could have led the democrats to adopt the strong measures necessary for the war. In general, Wilson has made his appointments on partisan lines, and this has been necessary in order to keep the democrats together in supporting the war.

But in his policy and general war measures he has done exactly what a republican president would have done.

And now he is at the head of a movement for promoting world peace that is certainly one of the greatest projects ever proposed in this earth.

And many congressmen are seemingly doing all they can to prevent the success of this plan for world peace. They are not trying to modify it and make it better, to diminish its objectionable points and strengthen its best points, but they are trying to defeat it altogether.

If they succeed they will deserve and receive the reprobation of all posterity.

Some of these men are democrats—stupid and blind. Some of them are republicans so short-sighted as to think that they can help their party capture the offices by a line of conduct that will be harmful to the world. The Citizen has been republican because it thought the republican policies were beneficial to the country. We shall cease to be republican when the republicans adopt policies that are wrong and harmful.

The Tri-State pays more for each man's creams in his own can because the quality of the cream is better.

You see, the agency system of buying cream mixes all patrons' cream when shipping and all the patrons care and attention to his cream goes for naught for one gallon of poor cream will affect many gallons of good cream and that's exactly what happens and the result is an inferior quality of cream when received by the creamery.

The Tri-State way of DIRECT DEALING gives us each man's cream in his own can.

THE TRI-STATE PAYS THE FREIGHT AND WEEK OF MARCH 10th to 16th.

D. A. R. Meeting.

The D. A. R. had a very interesting meeting Monday afternoon with Mrs. Mary Bates Miller at Ellendale. After the transaction of the regular business, over which Mrs. J. W. Caperton presided, the program numbers were given by Mrs. Alice Tribble, who talked of the "Magazine Department," Mrs. Osborne of Berea read a highly entertaining paper on "The Part the British Navy Played in the War." Fifteen of the chapter members volunteered to make garments for the refugees. A flag pole committee was appointed with Mrs. Kellogg as chairman, assisted by Mrs. J. J. Neale, Mrs. Minter and Mrs. Greenleaf. Mrs. Ellen Gibson, who withdrew her membership, was by unanimous vote made an honorary member of the chapter.

The following resolutions were then passed by the chapter: "We think it but fitting that a tribute of appreciation should be expressed on behalf of the chapter for the very efficient and faithful services of our retiring officers, Regent Mrs. A. R. Burnam, Vice Regent, Mrs. J. W. Caperton, Secretary, Mrs. Alice Tribble, Treasurer, Mrs. B. H. Neale, Mrs. Caperton and Mrs. Neale served 22 years, Mrs. A. R. Burnam, 14 years, Mrs. Alice Tribble, 8 years. Without the untiring efforts of these four the chapter would have passed into oblivion years ago. While great credit is due all of them, we could call special attention to the treasurer who never had a report returned from Washington during her incumbency the only treasurer the chapter ever had.—Chairman, Miss Anne V. DeJarente, Mrs. H. W. Carpenter, Mrs. E. T. Burnam."

After delightful refreshments, served by the hostess assisted by Mrs. Verner Million and Miss Buchanan, the meeting adjourned to meet with Mrs. J. J. Neale April 14th.

Cotillion Club's

First Dance.

The first dance which will be given by the newly organized Richmond Cotillion Club has been set for April 25. It will be a full dress affair and the famous Smittie's orchestra of Cincinnati has been engaged for the evening. The dance will be held at the Masonic Temple and will be one of the society events of this part of the state, this spring. With Douglas Chenault as president and Robert C. H. Covington, Jr., secretary of the new organization, the club gives promise of proving quite an addition to society in the blue grass.

Why Itch and Scratch With Burning Eczema?

Genuine Relief If You Resort to Sand and Sensible Treatment

There is a very common misunderstanding of Eczema and the various other forms of skin eruptions and irritations that cause so much pain and discomfort. Because the surface of the skin is the scene of the attack, and seems almost ablaze with fiery, burning and itching, these disorders are mis-named skin diseases.

The truth is that they are not really skin diseases, and that is why nothing but disappointment follows their treatment with salves and lotions applied to the surface of the skin.

These irritations, eruptions, boils, pimples, etc., are caused by a disease germ in the blood, which breaks out through the skin, and as long as the germ is in the blood, no cure can come from ointments and lotions, even if you apply them to the surface by the ton.

The rational and sensible treatment is S. S. S., the reliable blood

purifier, which promptly eradicates all disease germs from the blood. When you cleanse your blood of disease germs, the skin is promptly restored to its normal condition.

For more than half a century S. S. S. has been used with the greatest satisfaction for all manner of blood and skin disorders. This fine old remedy was first made by the Indians from medicinal roots and herbs of the forests. S. S. S. is still made from the original formula, and it is guaranteed purely vegetable. It is one blood remedy that contains not a particle of potash, mercury or other mineral. There is no finer tonic or system-builder, and a thorough course of S. S. S. will build up the general health and give new vigor to the entire body.

Get a bottle of S. S. S. from your druggist, and begin the sensible, rational treatment today, and you will experience genuine relief, as thousands of others have. If you want any special medical advice regarding your own case, you can obtain same without cost, by writing to Chief Medical Adviser, 105 Swift Laboratory, Atlanta, Ga.

February Tobacco Figures

The report on tobacco sales in the state made by months to the Department of Agriculture, shows that a total of 87,823,006 pounds of burley of the 1918 crop were sold during February for \$31,276,134.69 or an average of \$35.61 per pound. These totals are

divided as follows:

Sold for growers—69,615,928 pounds for \$25,626,667.05 at an average of \$36.14 per pound.

Sold for dealers—12,188,166 pounds for \$4,268,177.39 or at an average of \$35.02.

Resale 6,018,912 pounds, for \$1,845,290.25, or an average of \$30.66.

Swagar Sherley Appointed To \$25,000 Position

A dispatch from Washington today says that former Congressman Swagar Sherley, of Louisville, has been appointed to the highest salaried position ever offered to a Kentuckian. As Director of the Division of Finance and Purchases of the Federal Railroad Administration, to which he was appointed Tuesday, his salary has been fixed at \$25,000 a year. The appointment was offered him some time ago, and he went to Kentucky recently to consult with friends about it. His acceptance was received Tuesday. He succeeds John Skelton Williams, who recently resigned his connection with the Railroad Administration. The new salary was created especially for Sherley, as Williams was prohibited from drawing any salary except as Comptroller of the Currency, a place he still holds.

Kentuckians will undoubtedly unanimously approve the selection of Sherley for the place, as it was regarded as almost a calamity in political affairs when he was defeated for reelection to congress from Louisville last fall, as he was conceded to be by far the ablest man from Kentucky in the House of Representatives.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR DOUBLE ITS BEAUTY

Try This! Hair Gets Thick, Glossy,
Wavy and Beautiful at Once.

Immediate?—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected, or is scraggy, faded, dry, brittle, or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks use, when you see new hair—fine and downy at first—yes—but really new hair—growing all over the scalp. If you care for pretty soft hair, and lots of it, surely get a small bottle of Knowlton's Danderine from any drug store or toilet counter. for a few cents. It

Fined \$1. For Refusing To Send Child To School

Tom Hardin, a well known local citizen, was fined \$1 and costs in county court today by Judge Price for refusing to send his ten-year-old daughter to school. Mr. Hardin declared on the stand that his daughter was afraid of her teacher who she alleged, had whipped her, and had been cruel to her. The child has been attending school at Caldwell ISchool. Mr. Hardin said that he would send the child away to some other school, but would not send her to Caldwell. Prof. Bridges and Kunkle testified in the case about his refusal to send the girl to school.

Charles Estill, colored, on a charge of failure to support his children, had his case postponed to Friday.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula, after seventeen years of practice among patients afflicted with bowels and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.
